NURSING

UNIVERSITY OF TORONTO

Yesterday is already a dream,
And tomorrow is only a vision;
But today, well lived,
Makes every yeaterday
A dream of happiness and
Every tomorrow a vision of hope.

from the dean and student council president . . .

THE GRADUATING CLASS OF '77

Graduation is a time of mixed feelings, joy on your accomplishment, sorrow at saying farewell to friends and familiar haunts, and for a few regret that some expectations were left unfulfilled. While at the University, you have had an opportunity to explore questions of interest and share experiences. As graduates, each new experience will add diversity to your interests and depth to your understanding, thereby enabling you to influence the quality of life for others.

The faculty congratulates you.

STUDENT COUNCIL PRESIDENT

As I sit here in the Student's Lounge, once again, I look around me to see a room full of hopeful, enthusiastic students. They must be first years. To the weary, tired and dampened as well as to the enthusiastic, I hope this has been a good year. The Student's council has tried to supplement those hours of study, clinical, and classes with activities for all. This was a year marked with changes in procedures for students council. We've acquired our own audition; the SAC representative is now elected through the University SAC; we now have an athletic director; and of course, we have the T-shirts.

Good luck in the coming years.

at hart house farm

It all began at 7 in the morn, with grunts and groans and horns for engineers and BNAD can make quite a racket for all those in residence still in the sack. Well soon we'd arrived at Hart House Farm, then "work for your dinner" we were signalled in groups; one off in the woods, one down by the lake. Then off to the farmhouse for hot dogs and burgers, a time to relax and make new friends.

Is this what Nursing's all about?

homecoming

oktoberfest 1st wunderbar!

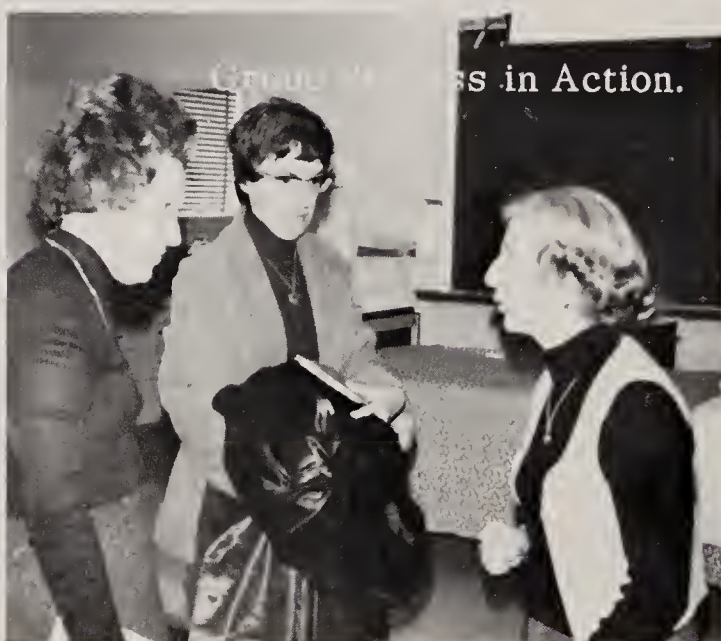

It was quite a day at Ocotberfest
 Could the Nurses have missed it?
 Never!
 They yelled their greetings loud and clear.
 Tic Tac Toe 3 in a row
 Play the game and win a prize!
 Roll the dice on the birthday game.
 From bicycle races to tug-a-war
 It was a successful day of fun and games.

CUNSA

Our Faculty of Nursing, along with 20 other university faculties across Canada, belong to the Canadian University Nursing Student Association. This year a committee of students within our school attempted to convey to the student body an understanding of CUNSA's history and purposed through Pulse articles, handouts and personal conversation. The committee also worked hard at fund-raising so that students planning to attend the annual conference could be financially assisted. A successful bake sale was held, a CUNSA Christmas Package was raffled off (won by Janice Pollard Basic II), and many "Hug a Nurse Pins" were sold.

The CUNSA committee this year also held a meeting at which students shared and heard about interesting summer employment possibilities. A new summer employment directory, compiled by nursing students at McMaster University, has been received and placed in the lounge for all to use.

The official delegate and 5 other students were able to attend the well organized Calgary conference, which had the theme of "Nursing and the Law" and featured interesting speakers, a panel, a film and group discussions. Many ideas were exchanged and new friends were made.

ALEXANDRA PARK COMMUNITY HEALTH CENTRE

This health centre in the Queen-Spadina area is run by U. of T. health science students - pharmacy, nursing, medicine, physio, occupational health therapists and dental students. This multidisciplinary team is run under the supervision of our chief physician Dr. Grove-White. Students volunteer to work evenings every second week.

Nursing has been involved very actively in this health centre. Students have had the opportunity to practice and learn new skills such as physical examinations, history taking, counselling, etc.

We wish to thank the many nursing students who had devoted their time and energy in the running of the clinic. Keep up the enthusiasm!

summer experiences

MARCH EXPERIENCE. Fourth year students certainly used their imaginations this year when they chose places for their March Experiences. They travelled to such out of the way places as Edinburgh Scotland, and sunny Florida. These experiences proved to be very worthwhile and challenging. We can certainly be proud of our ambassadors!

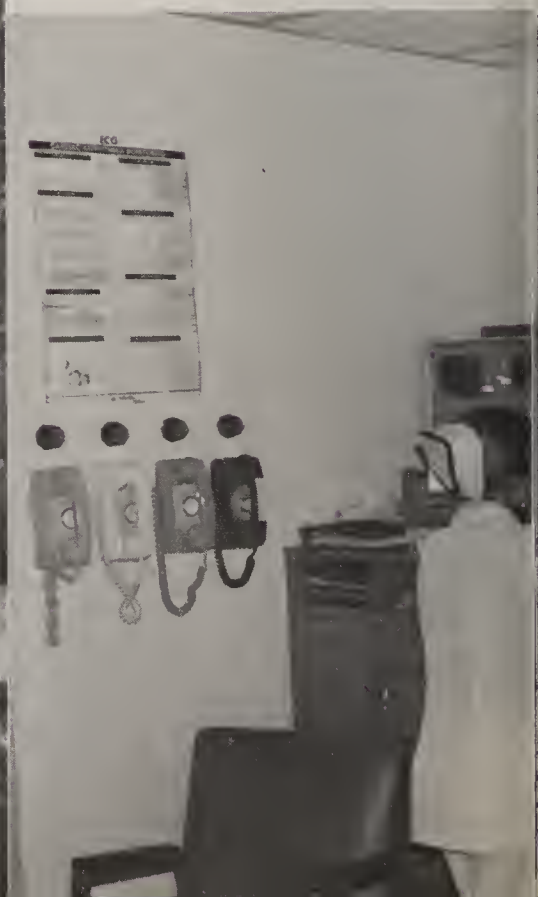

SUMMER EXPERIENCES. Several basic fours ventured to the west for the summer. Here they participated in some of the summer goings on such as the annual parade! Certainly not like home eh girls! One trip on the B.C. ferry leaves one yearning to return to the mountains. A memorable summer; one which can't help but instil lasting memories.

DO NOT AWAKEN TILL FALL....

I can hardly believe this book is finally in print. I must admit some days I wondered if I'd see this day!

Its traditional to thank all those responsible for this production but my words of thanks go far beyond the point of tradition. I know the book would have never been put together if it wasn't for a few dedicated souls - my sincere thanks especially to Sue Hoefft, Kathy Humphries, Kathrine Douglas, Sue Guinard, Marf Medley and of course Darlene Matwichuk without whom this book may have been in hen scatching instead of typed.

We have tried to capture happy moments and memories for all of you.

People
 so seldom
 say I love you
 and then
 it's either too late
 of love goes
 so when I tell you
 I love you
 it doesn't mean
 I know you'll never go
 only that
 I wish you didn't have to . . .

Lately, I've become tired,
 So goddamned tired
 Trying to please you, myself, them
 While still remaining true.

Now I fear I've given up the playing
 Life, Love, Pretense
 I no longer understand the rules.
 But one more time, our sweet masquerade,
 I shall be a fine lady, soft and loving,
 You will be the strong one, hard and taking.

Then come near, strip off our masks
 Dispense the images which bind
 And find what lingers,
 Less than Perfect,
 More than Before

Join with me
 Into a circle of loving, of living
 Our souls attuned,
 Our guards at ease.

Together we will be a melody alive
 A harmony deep and unending

FOR THIS I LOST FRED, CLARENCE, DAN,
 BERT, RONALD, DONNIE, PETE, SYL, BOB....

Graft.feety .

It's a good thing that future comes only day
at a time.

You don't move ahead by creating problems
but by solving them.

Due to technical difficulties, tomorrow
has been called off.

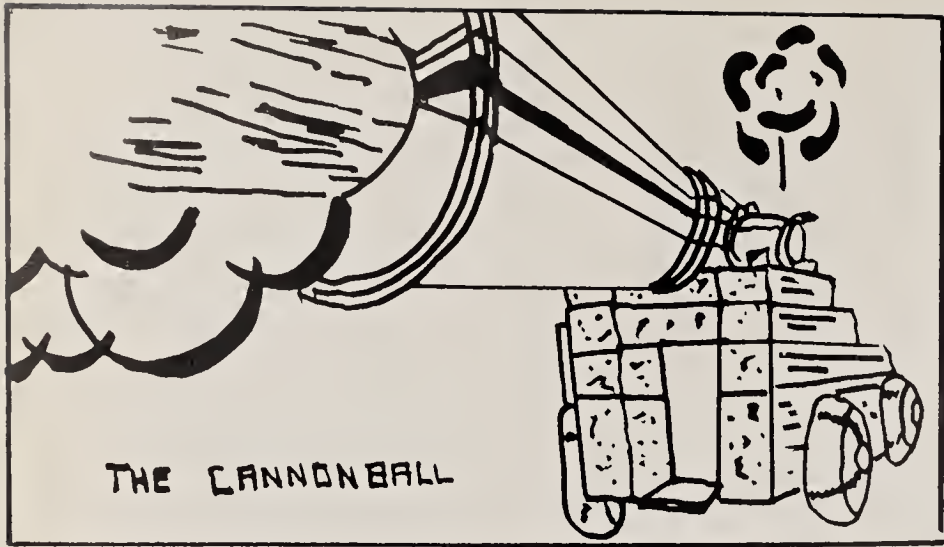

Thank you
When I think of you, it's with some regret
I've never even written you a poem to say
Thank you
It's hard to choose the words
Without revealing completely, that which I
can show no one.
Least of all those I care for.
Perhaps it will suffice to tell you that
you helped me become more alive
Made me see myself through the eyes of
others
So you will forgive these fond lapses into
the past
Do not be alarmed, there is no danger
For one of the things you taught me best
Was to accept things as they are
Only a fool tries to change reality
Please forgive my foolishness
